

NAARVA**E25**

Accumulating energy wood head for forwarders and excavators

Properties

- Stable handling even with large bundles
- Excellent loading properties
- Efficient guillotine cutting, 25 cm
- Easy installation, no additional hydraulics or hoses
- Radio control option

Suitable for

- Energy wood harvesting
- Small wood harvesting by accumulation
- Clearing of electricity lines, road sides and field edges

EASY TO MOUNT

Naarva E25 is easy to mount to a forwarder or harvester. It does not require any additional hydraulics. In forwarders you can use loading grapple open /close valve for control and a simple radio control.

STRONG GUILLOTINE CUTTING

Naarva E25 is equipped with a reliable and durable cutting guillotine. It can cut up to 25 cm thick trees. Cutting blade is made of wear-resistant steel, which is not damaged by sand or rocks. Stumps can be cut close to the ground. The guillotine is service-free.

EXCELLENT LOADING PROPERTIES

Naarva E25 is also excellent for loading trees. Guillotine blade is inside the case and not in the way when loading. Grapple opening is 90 cm.

WIRELESS CONTROL

Radio control with mini buttons. Buttons can be placed to your control levers. Radio package includes transmitter, receiver, two batteries and a charger. Also an inverter for charger is included so you can charge the battery in your forwarder, tractor or excavator cabin.

Production code	EL25
Weight	390 kg
Height in felling	95 cm
Opening of grapple/ grippers	90 cm / 90 cm
Cutting	Diameter 25 cm, Force 95 kN, time 1,8 s
Required pressure	170-200 bar
Required oil flow	50-90 l / min
Warranty	12 months or 1000 hours
Control system	Cable control or radio
Voltage	12 V

All provided values are approximations. The manufacturer reserves the right to make changes in the products. 04/2011.

*The max. cutting diameter is approx. 30% lower for hard wood (such as oak and beech). ** With oil flow 70 l/min

Accessories

- Radio control with various transmitter options
- Extension boom for 8-15 tn excavators also with hydraulic extension boom
